**Abstract:**

Only a few can delineate the horoscope correctly and scientifically but practice makes man perfect. If one analyzes the same in a scientific way, the proficiency can be attained. Analysis of a horoscope is never complete without a proper study of the concerned divisional charts. Especially D10 helps us to determine the accurate prediction of a profession. So, through the Dasamsa chart (D10) one should find out the native’s Business status, profession, the position he holds and his efficiency.

**Key Words:** Divisional chart, Rasi, Navamsa, Dasamsa, Vargottama, Karakamsa, Atma karaka, Amatyakaraka, Karakas,

**Divisional Charts:**

The following points should be remembered while studying a divisional chart

- A planet occupying benefic signs in divisional charts becomes powerful. Suppose Jupiter is in Sagittarius in Navamsa and Capricorn in Dasamsa. This shows that Jupiter period will be good for marital matters, relationship etc. and a difficult one for professional matters. Thus a planet depending upon its position in divisional charts gives different areas of native’s life.
- A planet occupying the same sign in
- Rasi chart and a divisional chart becomes very powerful (Vargottama). Here it should not be debilitated or in the 1st or 30<sup>th</sup> degree. In both these conditions despite being Vargottama the planet remains weak.
- The divisional charts should always be studied along with the natal horoscope and never separately. Suppose the ascendant is Virgo with 3<sup>rd</sup> and 8<sup>th</sup> lord Mars in 2<sup>nd</sup> house at 11°. Here, despite being exalted in Dasamsa, Mars will give financial difficulties as in Rasi chart it is 3<sup>rd</sup> and 8<sup>th</sup> lord in the house of wealth.
- When studying a divisional chart see the following – a). Ascendant lord of the divisional chart b). Lord of the particular house, e.g., in Navamsa the lord of the 7<sup>th</sup> house and also the position of 8<sup>th</sup> lord of the Rasi charts. c). Planets occupying the concerned house in Rasi chart. See their position in the divisional chart. Suppose you are studying Dasamsa. For planets in Rasi chart in the 10<sup>th</sup> house. Study their position in Dasamsa charts. d). Natural significator. e). See the position of dasa and sub period lords.
- See the planets connected with a particular house in Rasi chart whether by lordship or position. Their sign position in the Navamsa chart should be analyzed. Other planets are not very important while studying a Navamsa chart.
- It should be remembered that exaltation or debilitation in divisional charts does not ensure a favorable or unfavorable event respectively. For example

|  |              |  |     |
|--|--------------|--|-----|
|  |              |  |     |
|  | Dasamsa –D10 |  |     |
|  |              |  | Asc |
|  |              |  | Ven |

Here Venus is the 10<sup>th</sup> lord and is debilitated. But it will still give career betterment in the form of some financial gains because it is the 10<sup>th</sup> lord in the 2<sup>nd</sup> house. This is the proper way to study a horoscope and a divisional chart. How to predict profession through Dasamsa?

To predict the profession of a native we should analyze the following divisional charts.

- The Rasi. D1
- The Navamsa. D9
- Dasamsa D10
- Yogas present in the charts.
- The Main and Sub – periods of the native.

The Sign – D1 – The planet's connection between 10<sup>th</sup> house, 11 house and the ascendant to be considered for the prediction of profession. Same way planets are positioned to be seen also from the Moon ascendant. Navamsa – D9 – The strength of the planets in the Rasi chakra can be seen from this divisional chart D9 – Navamsa. The strength of 10<sup>th</sup> lord in Rasi can be seen in Navamsa by its position in that division. If a planet is exalted in rasi and is debilitated or in the dhur sthanas (6, 8 or 12) in navamsa, will confer only malefic

effects. If it is reversed, say debilitated in rasi and exalted in D9, we can expect benefic results. The Planet in varkotham (i.e. planet placed in the same rasi in Rasi and in the Navamsa) position will give good results.

Karakamsa ascendant- The planet in the highest degree in rasi chakra is considered as Atmakaraka. The sign where Athmakaraka is placed in the Navamsa is known as Karakamsa. The planets connected to the 10<sup>th</sup> house from this Karakamsa will determine the profession of the native. There are 108 nakshatra padas in 12 Signs. In each sign two padas are considered as Pushkara navamsa, the planet or lagna position fall in this Pushkara navamsa confer benefic results. Dasamsa – D10 – The extended position of karma bava (10<sup>th</sup> house) is called Dasamsa – D – 10. The ascendant of Dasamsa is very much important to judge about the profession of the native. The other places to determine the same are Artha Trines (2, 6, and 10) and the 7<sup>th</sup> house. (2<sup>nd</sup> house – money, 6<sup>th</sup> house – Service, 10<sup>th</sup> house – pride through profession, 7<sup>th</sup> house – 10 house from 10<sup>th</sup>) The karaka planets of 10<sup>th</sup> house –The Sun, Mercury, Jupiter and Saturn and their position in D10 - are also very much important to determine the profession of the native. D1 – Rasi chart is the prime factor. D10 should be analyzed comparatively.

|  |           |      |     |
|--|-----------|------|-----|
|  |           |      |     |
|  | D1 - Rasi |      |     |
|  |           | Mars | Asc |

The planet Mars is exalted in both the divisional charts D9 and D10 (Navamsa and Dasamsa) as such the native will get benefic results. He may become an industrialist. He may have his own business or higher position in his Job. But in Rasi chakra Mars being the 3<sup>rd</sup> and 8<sup>th</sup> lord for Virgo ascendant gives malefic effects and is placed in Dhana bhava. So, Mars in his Main dasa and sub periods, give only bad effects as such, ups and downs in business, transfer in Job and many other unwanted problems to the native. So, all other divisional charts should be compared with D1 – Rasi chakra for the delineation of an individual chart. Dasamsa – Starting from the same sign for odd sign and from the 9<sup>th</sup> with reference to an even sign, the 10 Dasamsas each of 3 are reckoned. These are presided over by ten rulers of the cardinal directions viz. Indra, Agni, Yama, Rakshasa, Varuna, Vayu, Kubera, Isana, Brahma and Anantha in case of an odd sign. It is in the reverse order that these presiding deities are reckoned when an even sign is given.

The Karakas –

The Sun – confer Power and prestige

Jupiter – Gives growth in Business or in service.

Mercury – confer financial growth.

Saturn – helps to do all hard work.

Weather Service or business. Which one is better?

6<sup>th</sup> house denotes Service, 7<sup>th</sup> house denotes business. In Dasamsa chakra if 6<sup>th</sup> house and 6<sup>th</sup> lord are strong the native will succeed in his service. If one of these is weak, service will be obstructed.

In Dasamsa chakra if 7<sup>th</sup> house and 7<sup>th</sup> lord are strong the native will succeed in his business. If one of these is weak there will be obstructions in business.

A strong 6<sup>th</sup> lord, 7<sup>th</sup> lord or the planets connected to 10<sup>th</sup> house will determine the field in which the native will be famous and an expert. The correlation between 6<sup>th</sup>, 7<sup>th</sup> houses to 10<sup>th</sup> house makes the native to do both service and business in their career.

Owner or Servant –

The owner of the firm is indicated by the 9<sup>th</sup> house and the servant or worker of that place is indicated by 5<sup>th</sup> house. If a malefic planet aspect or combine with 9<sup>th</sup> house, the owner of the firm will be desperate and depraved. A beneficial combination makes the owner a good man and helpful to his subordinates. The 9<sup>th</sup> house also represents father and elder brother. 5<sup>th</sup> house represents progeny. The benefic combination confers the native with a good and obedient servant or worker.

How to read D10 – Dasamsa?

- The ascendant in the dasamsa represents the native. 6<sup>th</sup> house shows the service and the 10<sup>th</sup> represents the professional improvement and the growth. The lords of the, 3<sup>rd</sup> houses of the above said houses, i.e.- 8<sup>th</sup>, 12<sup>th</sup> house, confer bad results during their main and sub-periods. 8<sup>th</sup> house represents – retirement and the 3<sup>rd</sup> house shows the short leave taken by the native.
- The native will have a desire to be the boss of his concern, If the ascendant lord is placed in the 9<sup>th</sup> house. So, the native can start his own business. The 2<sup>nd</sup> house represents the investment capital. The Kendra sthanas to the second house i.e. 5<sup>th</sup>, 8 and 11<sup>th</sup> houses represents the investments through partners of the firm (5<sup>th</sup>), by getting loans from financial institutions (8<sup>th</sup>) and by his own investment (11<sup>th</sup>) respectively.
- When the Dragon’s head (Rahu) occupies Dasamsa lagna, there will be frequent changes in the native’s career with ups and downs in income.

- If the combination of the Sun and Saturn exist in the D10 – Dasamsa 6<sup>th</sup> house or in 10<sup>th</sup> house the native may have unwanted quarrels with his superiors or unstable progress in profession.
- Gains in business, promotions in the Job can be expected when the main and sub-periods of the planets in the Kendra's of D10-Dasamsa. In the trikona lords main and sub-period will confer help from elders and friends.
- The 10<sup>th</sup> house or lord is connected to the planet Saturn in D10- dasamsa, the native will not have a proper job or permanent job. There may be problems and difficulties during the main and sub-periods of the weak planets or watery planets in the 10<sup>th</sup> house.
- In D10- Dasamsa the planets Mars or Saturn or other malefic planets, get connected with the 10<sup>th</sup> house or 10<sup>th</sup> lord, the native will be blamed and get a bad name in his business.

Yogas – All Yogas in its main and sub-periods keep the native in a good position. The native who has more sub yogas in his chart succeeds in his life. On the other hand, if Ava yogas are strong it stops the progress in his life.

The important yogas –

What type of profession, the native will get?

10<sup>th</sup> house and planets occupy and D10 – Dasamsa are to be examined for finding the profession of the native. There are hundreds of karakaththuvras in the Rasi Chakra. To know different amsaas of our life, Sage Parashara has given shodasa vargas (16 vargas). For profession we should follow D10- Dasamsa in the following ways –

- The professions indicated by the planets connected to Artha Thirikonaas 2, 6, and 10th houses of D10 – Dasamsa.
- The professions indicated by 10<sup>th</sup> house in Rasi chakra.D1.
- The profession indicated by the 10<sup>th</sup> house from Karakamsa in Navamsa.D9.
- The profession is indicated by the Amatyakaraka position in Rasi chakra and Dasamsa.

If all the professions indicated by all the above said points are the same profession, then no problem. If these are different, the native will start the profession indicated by the main and sub – periods of the planets in the Artha trikona (Trine) and will do some other job. So, the astrologer should carefully analyze the chart for the proper profession. The 10<sup>th</sup> house from 10<sup>th</sup> house to the 7<sup>th</sup> house also helps to find out the profession.

Now, we will see the professions signified by the 9 planets.

The Sun – The Sun denotes government service, trees, timber, chanting of hymen , gambling, wool, circus, politics, medicine, metal work, gold, father, kings, fire arms, fire, poisons and forests. He may be employed in State service, administration or in management. It indicates people having much authority and power. He gets income and gains through one's father. Medical profession is possible. Embassy, trade in pearl and gold. Western astrologers attribute the following professions to the Sun. All positions of trust and authority, prominent positions in government, commanders, bankers, noblemen, kings, emperors, goldsmiths etc.

It gives the result of that house where it gets debilitated. Rules to analyze Dasamsa chart:-

- Dasamsa Ascendant lord.
- Planets in Dasamsa Ascendant.
- Planets aspect Dasamsa Asc. / Asc. Lord.
- 10<sup>th</sup> lord
- Planets in 10<sup>th</sup> lord.
- Planets aspect Dasamsa 10<sup>th</sup> house / 10<sup>th</sup>. Lord.

In the main and sub-periods of the above said planets the native will do that profession, denoted by these planets. In the main and sub periods of the planets in Kendra, planets in 4<sup>th</sup> or 10 houses, when connected to Asc. Lord or 10<sup>th</sup> lord the native will get the best results in this period. Same is the case of the planets in Trine. The planets in 6-8-12<sup>th</sup> houses from Dasa lord and in that planet’s dasa, bhukti period, the native will have a lot of problems in his profession. The planets in 6-8-12<sup>th</sup> houses from Dasamsa Asc, do not aspect the Asc. Lord or 10<sup>th</sup> lord, in that dasa, bhukti period, and the native will have a lot of problems in his profession.

The planet, which get the aspect or connection of Asc. Lord, though it is not in a strong position in the Rasi chakra D1, there will be good improvement in his profession. The type of profession depends upon the Rasi in which Dasamsa lagna falls. If the Asc. Lord is in its exalted or moolatrikona rasi or aspect of Asc.lord or 10<sup>th</sup> lord in Dasamsa lagna, the result will be fine and good things will happen in their profession. The connection of Dur sthanaas will confer bad effects. With the above rules if we are unable to find the proper profession, then we must see the planet which aspect 10<sup>th</sup> lord or 10<sup>th</sup> house, whichever is strong and come to a conclusion. If Dasamsa lagna or the lord get the connection of the same planet, the native will carry out the same profession throughout his life. To understand the above facts we will analyze the following few horoscopes.

Rasi – D1 – The pisces is the ascendant. The Ascendant lord and the 10<sup>th</sup> lord Jupiter is in the 6<sup>th</sup> house (Service). The 5<sup>th</sup> lord Moon is also in 10<sup>th</sup> which confer Raja Yoga. 10<sup>th</sup> lord Jupiter aspect 10<sup>th</sup> house, thus 10<sup>th</sup> house becomes strong. As the 2<sup>nd</sup> and 9<sup>th</sup> lord Mars conjunct with Jupiter, it becomes stronger. Navamsa – D9 – The 10<sup>th</sup> lord in Rasi is in the 12<sup>th</sup> house of Navamsa. The 10<sup>th</sup> lord the Sun is in the 2nd house and with the aspect of lagna lord Mars. (2, 6, 10). As the lagna lord and the 9<sup>th</sup> lord are in “Parivarthan Yoga, the lagna lord Mars gets “Necha Pangha”. (The Sun, Jup, Mer) Mercury is in 10<sup>th</sup> house and the 10<sup>th</sup> lord is in 2<sup>nd</sup> house. Dasamsa – D10 – He became famous because the 10<sup>th</sup> lord is in lagna. The lagna lord Mars is in Jupiter’s house, (bhagya bhava). 10<sup>th</sup> lord Saturn aspect his own house (Karma Bhava) (Saturn – the Sun - Mars). Yogha:- In

The Jupiter, Mars combination in 6<sup>th</sup> house, forms Lakshmi Yoga. Navamsa – D9 – He served independently and became famous, because the 10<sup>th</sup> lord Saturn is in Navamsa Lagna. He was praised by all.

The Sun is an important planet in Rasi – Navamsa – and Dasamsa. So, he was in a Government Job. He was an intellectual because of Jupiter. The Saturn made him a hard worker. In Dasamsa as Mars is prominent he was courageous. He was like lion to all politicians. In Dasamsa, there is no planet. Neecha Saturn aspect 7<sup>th</sup> house. As mentioned earlier debilitated planets confer good results, in the year 1991, in the dasa of Saturn he became the chief election commissioner of our nation. As Saturn aspect the Sun (enemies) he makes all the politicians run. He made many reforms in the election commission. As the 6<sup>th</sup> lord Mercury is in 5<sup>th</sup> house Dasamsa, in Saturn Dasa, Mercury Bukthi, (1994) government appointed two more election commissioners to suppress his power. He was religious-minded because of strong Jupiter both in Rasi and Dasamsa. He was more powerful because the Amaithiya Karaka Moon was in the 10<sup>th</sup> house in Rasi , in the 5<sup>th</sup> house of Dasamsa, and in the Ascendant of Navamsa. So, all the reforms he made were appreciated by the public.

Raja Yoga is formed in the younger age when Yoga planets are in the 2<sup>nd</sup>, 4<sup>th</sup>, 10<sup>th</sup> and 8<sup>th</sup> houses. If it is in 8<sup>th</sup>, 7<sup>th</sup>, and 9<sup>th</sup> the yoga is formed in the old age and if it is in other houses it happens in Middle age. So, he was lucky in his middle age. In Dasamsa Ketu is in 8<sup>th</sup> house. So, in Saturn dasa Ketu Bukthi (March, 1997 to April, 1998) after facing a lot of problems, he retired from service. In rasi the exalted Atmakaraka the Sun is very Strong. In Navamsa the karakamsa lord Jupiter is placed in the 11<sup>th</sup> to Sagittarius. In Dasamsa the Sun is in 10<sup>th</sup> house and has directional strength.

Though Mars has no connection with lagna and lagna lord, Mars is the lord of 2<sup>nd</sup> and 9<sup>th</sup> and exalted in the 11<sup>th</sup> house. So, he earned plenty of money in his advocate profession. During Saturn's main period he suffered a lot because of his health and with the help of doctors he continued to do his profession. This was possible because of the position of the exalted Mars who is the 10<sup>th</sup> lord from the position of Saturn. Mercury is in 8<sup>th</sup> house. 8<sup>th</sup> house denotes retirement.
